

MATHEMATICIANS FROM SOUTHEAST ASIA VISIT TOMORROW

On April 19 (Tue.) Department of Mathematics will hold “Southeast Asian Conference on Mathematics” at S434, Liu-hsien Memorial Hall, and scholars with significant achievements from Vietnam, Cambodia, Hong Kong and China will participate in the event: Shih Chung-tse from Chinese Science Academy, Chair of Southeast Asian Mathematics Society Chen Chia-ping and Chair of Mathematics Association of Cambodia Chan Porn are on the list. According to Chair of Department of Mathematics Chyan Chuan-jen, the conference will be divided into the sessions of algebra, analysis and differential, aiming to understanding the working of mathematics societies in different countries, enhancing Tamkang’ s international fame, and recruiting more overseas students from Southeast Asia.
