

Moodle Classes

To provide even more TKU faculty a first-hand experience at operating Moodle (a multi-functional teaching platform), TKU is now offering small-sized Moodle orientation classes. Faculty may register for the classes with the TKU Distance Education Development Section, and must do so in groups of five.

Orientation classes range from beginner level classes, to customized, higher level instruction. Please feel free to contact the Distance Education Development Section to arrange small-group tuition sessions for you and your colleagues. Contact Mr. Wang Da-cheng, ext. 2163.
