

Cheng Tung-Wen - The New Dean of Human Resources

On the 1st October, Dr. Cheng Tung-Wen, a professor in the Department of Chemical and Materials Engineering became the new Dean of Human Resources. Dr. Cheng, who once served as the Chairman of the department, expressed: “My greatest challenge will be my ability to communicate and coordinate issues. I hope, however, that during the process I will learn and grow.”

Dr Cheng asserted that “my main priority will be administrative work.” In the initial phase, he will work toward achieving TKU’ s current HR objectives. If progress is slow, adjustments will be made along the way.
