

CEO of Cambridge University Press to Visit Lanyang

On November 25, the Chief Executive of Cambridge University Press, Mr. Stephen Bourne, will visit the TKU Lanyang Campus and deliver a lecture entitled “Competing on a Global Stage in a Changing World” . The lecture will describe current trends in inter-university competition brought on by globalization.

Yu Ching-yi, from the Office of the Director of Lanyang Campus, noted that “being able to hear from the Chief Executive of a renowned international organization in his sole lecture while in Taiwan is truly an invaluable experience” . She added that his visit can largely be attributed to Lanyang Campus’ predominantly English teaching environment.

Fourth Year Lanyang Campus student, Lin Yi-feng, expressed his gratitude to TKU for hosting such a meaningful event. He commented: “I’ m definitely going to make the most of this opportunity. I’ ll be at the talk, and will ask questions related to the lecture so as to encourage interaction and exchange” .
