

Tamkang Review Receives Public Approval

For four consecutive years, the Tamkang Review - a biannual journal published by the TKU Department of English - has been included in the prestigious publication THCI Core. The Editor in Chief of Tamkang Review and Department of English Chairman, Dr. Tsai Chen-hsing, explained that “Tamkang Review’ s most unique feature is the fact that it maintains a more literary element than other such catalogues” .

Dr. Tsai added: “Tamkang Review is a platform for English essays and dissertations submitted by both local and overseas scholars on two main themes: ecocriticism and cultural studies. In the future, we hope to hold a number of large international symposiums and collect even more dissertations to enhance the quality of the publication” .
