

Lanyang Fair Draws Crowds

On Saturday November 3, the Lanyang Campus held a series of fun activities to celebrate the TKU 62nd anniversary. It held a campus fair, which featured various food stalls as well as various student performances. The performances were mainly music and dance-based, and they drew large crowds of students from both the Lanyang Campus and the neighboring Fo Guang University campus.

The basketball and volleyball competitions, which were scheduled for that day, were postponed due to rain.
