The significant jump in the two categories shows that the new developments of TKU’ s website has had great improvement from the years of 2008 to 2012. However in the categories of “Impact” and Excellence” the numbers have dropped significantly. In the category of Impact TKU has moved down from 777th place to 984th place and in the category of Excellence the number has dropped from 946th place to 985th place.
