

TKU Approved for Environmental Safety Certification

【Wan-xuan Qin, Pin-jie Chen, Tamsui Campus Report】Member of Taiwan' s Societe Generale De Surveillance, Mr. Steve Hsieh, and 14 other assessors inspected Taipei, Lanyang and Tamkang Campus from Nov. 18 to 20 for the 2015-16 Energy, Environmental Safety and Sanitary Management certification. In addition to verifying regulations for ISO14001 and OHSAS18001 they also carried out inspection of the ISO50001 Energy Management to get a feel for the effectiveness of the system. The inspectors examined documents as well as the university campus layout and the contents within. After three days of inspections, all of TKU' s energy management system certifications were successfully renewed.

On Nov. 20 a celebratory assembly was held to recognize the certification renewal. In attendance was President Flora Chia-I Chang, Vice President of Administration, Yi-jen Hu and all of the members of the Management Systems Committee. President Chang welcomed the inspectors in an opening speech and ensured the university' s effort to continue to improve systems involving energy conservation and environmental protection.
