

## Professors Share and Learn

【Xin-yu Wang, Tamsui Campus Report】 On May 31 the College of Engineering and the Center for Learning and Teaching jointly held the “College of Engineering Professor Social Gathering.” In attendance was Vice President of Academics, Huan-chao Keh, Dean of the College of Engineering, Chii-dong Ho, Executive Director of the Center for Learning and Teaching, Hui-ling Pan as well as administrators, professors and students, totalling to 200 participants in an electrified atmosphere.

Chii-dong Ho expressed, “This event is a combination of international concepts. We’ve invited professor of the Department of Chemistry, Kuo-jen Hwang, to share his experience attending the 12th World Filtration Congress to enlighten professors to heighten international understanding. This is a brand new learning opportunity that will help us improve in every aspect.”
